WORK EXPERIENCE

UX Designer / Business Analyst

Tata Consultancy Services (IKEA)

02/2018 - Present

Sweden

- Conducted comprehensive user research to understand user needs and identify improvement opportunities.
- Facilitated workshops to ideate solutions, create rapid prototypes, and test concepts with users and stakeholders, enabling fast iteration and informed design decisions.
- Designed user journeys, wireframes, and low- to high-fidelity prototypes using the IKEA design system to ensure consistent user experiences.
- Conducted usability testing sessions to validate design concepts and refine solutions based on user feedback and insights.
- Designed user-centric digital solutions that improved workflows for product communication planning, translations, and media production within IKEA's commercial team.

Business Analyst

Tata Consultancy Services (Melco Resorts & Entertainment)

11/2016 - 01/2018

Hong Kong

- Designed interface for casino banking solution to support effective cash and chip process flow between table and bank.
- Created documentation for existing IT processes & workflows, identified gaps in existing solutions and worked closely with the product owner to create a product roadmap.
- Effective stakeholder management (business users, directors) for requirement brainstorming and workshops.
- Created requirement documents, facilitated user tests and training, and supported go-live activities.

Business Analyst

Tata Consultancy Services (Maersk)

04/2015 - 10/2016

India

- Gathered and analysed requirements for a global manifest solution in collaboration with users from over thirty countries.
- Identified business rules to automate the creation of travel manifest according to the customs department.

System Analyst

Tata Consultancy Services (Lloyds Banking Group)

12/2009 - 03/2014

UK & India

- Liaised with the respective Business area to plan and implement IT support structure for Retail and Commercial Business.
- Involved in IT implementation of the merger of two of the largest banks of UK; Understood the challenges and synergies of the merger.
